

IVAH MEDIA

Business Requirements Document

Website Redesign & Development Project

Document Version	1.0
Date	June 2026
Prepared For	Ivah Media
Document Status	Draft – Pending Review
Document Type	Business Requirements Document (BRD)

1. Executive Summary

Ivah Media is a full-service marketing agency specializing in Outdoor Marketing, Branding & Design Management, Events Expertise, and Digital Marketing. The company delivers value through omni-channel strategy and execution, serving a diverse portfolio of industries including Real Estate, Government, Retail, Automotive, Travel & Tourism, Hospitality, Ecommerce, Non-profit, and International clients.

This Business Requirements Document (BRD) defines the functional, content, technical, and design requirements for the development of Ivah Media's corporate website. The website will serve as a primary digital touchpoint for prospective clients, communicating the agency's capabilities, approach, and value proposition while generating qualified leads.

The project scope encompasses a multi-page website encompassing the Home, About, What We Do (Services), and Contact sections, with structured sub-pages for each service category.

2. Project Overview

2.1 Project Background

Ivah Media requires a professional corporate website that reflects its brand identity and communicates the depth of its services to potential clients. The current project is a greenfield website development effort, informed by the website content brief provided by the client. The site must effectively articulate Ivah's expertise and omni-channel approach to marketing, while establishing credibility with clients across multiple industries.

2.2 Project Objectives

- Establish a professional digital presence that reflects Ivah Media's brand authority.
- Clearly communicate the full range of services offered across Outdoor Marketing, Design & Consulting, Digital Marketing, and Other Services.
- Generate qualified inbound leads through prominent calls-to-action and a contact form.
- Showcase sample work including videos, images of outdoor ads, and ad film productions.
- Support SEO performance to attract organic traffic from target industries.
- Provide an intuitive, mobile-responsive user experience across all devices.

2.3 Project Scope

In Scope:

- Design and development of all pages defined in the content brief (Home, About, What We Do sub-pages, Contact).
- Integration of sample media assets (videos, images) supplied by the client.
- Contact form with lead capture functionality.
- SEO-optimized page structure and metadata.
- Mobile-responsive design.
- Basic CMS capability for content updates.

Out of Scope:

- E-commerce or payment processing functionality.
- Client portal or login functionality.
- Custom marketing automation or CRM integration (unless specified in a later phase).
- Ongoing content creation post-launch.

3. Stakeholders & Roles

Stakeholder	Role	Responsibilities
Ivah Media Leadership	Project Owner	Final approval on design, content, and functionality. Provision of all media assets and brand guidelines.
Marketing Team	Content Contributor	Supply all written content, images, videos, and campaign samples for the site.
Web Development Team	Implementation	Design, develop, test, and deploy the website in accordance with this BRD.
End Users (Prospects)	Target Audience	Prospective clients across target industries visiting the site to evaluate Ivah Media's services.

4. Website Structure & Information Architecture

The website shall be organized into the following primary navigation sections, each with defined sub-pages:

Page / Section	Sub-Pages	Purpose
Home (Page 1)	N/A	Hero section, agency tagline, service overview, media samples, and Get Started CTA.
About (Page 2)	Who We Are, How We Do It, Why Us, Industries We Serve	Agency background, methodology, differentiators, and list of 10 target industries.
What We Do (Page 3)	Outdoor Marketing, Design & Consulting, Digital Marketing, Other Services	Detailed service descriptions for each of the four service pillars.
Contact	N/A	Lead generation form, contact details, and Get Started CTA.

5. Functional Requirements

5.1 Home Page

- Display a hero section with a sample video (supplied by client) as a background or featured element.
- Present the agency tagline: 'All great marketing begins with a plan!'
- Provide a brief introductory paragraph summarizing the agency's omni-channel expertise.
- Display a sample images section featuring Outdoor & Ads creative work.
- Include a 'Get Started With Us' call-to-action section with a link to the Contact page.

5.2 About Page

Who We Are

- Agency overview describing Ivah Media's identity, mission, and core team expertise.

How We Do It

- Present the 10-Step Guide for Brands Entering the UAE OOH Market as an interactive or visually structured component.
- Steps: Define Objectives, Budget Planning, Identify Key Locations, Cultural Awareness, Select the Right Format, Work with Local Experts, Secure Permits Early, Develop Localized Creative, Launch & Monitor, Optimize for the Future.

Why Us

- Highlight differentiators: experience levels (8-15 years), cross-functional approach, strategic (not just executional) value, industry breadth.

Industries We Serve

- Display the 10 industries: Real Estate, Government, Retail, Automotive, Travel & Tourism, Hospitality, Industries (general), International, Non-profit, Ecommerce.

5.3 What We Do – Sub-Pages

Sub-Page 1: Outdoor Marketing

- Headline: 'We find your story and help you tell it.'
- Image gallery/carousel featuring: billboards, bridge banners, DOOH, PDOOH, airport, and transit advertising formats.
- Supporting descriptive copy about OOH capabilities.

Sub-Page 2: Design & Consulting

- Section: Design & Consulting – strategic and creative expertise for brand transformation.
- Section: Brand Strategy & Management – brand positioning, messaging, visual identity, architecture, and growth communications.

- Section: Fractional CMO – description of the fractional CMO/product marketing consultant offering for B2B SaaS (5–40 hrs/week engagement model).

Sub-Page 3: Digital Marketing

- Present 10 digital service areas as individual cards or sections: Digital Strategy, Digital Branding, Digital Marketing, SEO / Keyword Strategy, Web Design, Shopify / Ecommerce, Social Media Management, Email Marketing, Website Management, Digital Transformation.
- Each card must include the service name and a brief description.

Sub-Page 4: Other Services

- Event Management – description of high-impact corporate and brand event execution services.
- Ad Film Productions – description of ad film creation capabilities with link or embed for sample videos (client to supply).
- Marketing Training & Workshops – three benefit pillars: Improve Team Performance, Align Sales and Marketing Teams, Scale Knowledge Across the Organization.

5.4 Contact Page

- Contact form with fields: Name, Company, Email, Phone, Message, Service of Interest (dropdown).
- 'Get in touch' messaging consistent with the content brief.
- Agency contact information (to be supplied by client).
- Optional: embedded map or location reference.

6. Feature Requirements Summary

ID	Feature	Description	Priority
F-001	Hero Video	Autoplay/loop video on homepage hero section.	High
F-002	Image Gallery	OOH sample images gallery with carousel for Outdoor Marketing sub-page.	High
F-003	10-Step Guide	Visual, structured display of 10-step OOH entry process on About page.	High
F-004	Industries Grid	Visual grid or list of 10 target industries.	Medium
F-005	Digital Services Cards	Card-based layout displaying 10 digital marketing services.	High
F-006	Lead Gen Form	Contact form with validation, dropdown for service type, and email notification.	High
F-007	Ad Film Video Embeds	Embed or link to client-supplied ad film productions.	High
F-008	Mobile Responsive	Fully responsive layout for mobile, tablet, and desktop.	High
F-009	SEO Metadata	Meta titles, descriptions, and OG tags for all pages.	High
F-010	CMS Integration	Basic CMS for client-managed content updates (images, text, blog).	Medium
F-011	Analytics	Google Analytics or equivalent tracking integration.	Medium
F-012	Navigation	Sticky top navigation with dropdown menus for About and What We Do.	High

7. Non-Functional Requirements

7.1 Performance

- Page load time must not exceed 3 seconds on a standard broadband connection.
- Images and videos must be optimized for web delivery (compression, lazy loading).
- Core Web Vitals (LCP, FID, CLS) must meet Google's 'Good' threshold.

7.2 Security

- HTTPS/SSL certificate required across all pages.
- Contact form must include CAPTCHA or equivalent spam protection.
- CMS login must enforce strong password policy and optional 2FA.

7.3 Accessibility

- Website must meet WCAG 2.1 Level AA accessibility standards.
- All images must include descriptive alt text.
- Videos must include captions or transcripts where feasible.

7.4 Browser & Device Compatibility

- Must be fully functional on: Chrome, Safari, Firefox, and Edge (current and previous major versions).
- Must render correctly on iOS and Android mobile devices.
- Must support screen sizes from 375px (mobile) to 1920px (large desktop).

7.5 Scalability

- Architecture must support future addition of a blog, case studies section, and multilingual content (Arabic) without full redesign.

8. Content Requirements

The following content assets are required from Ivah Media prior to or during development:

Brand Assets	Logo files (SVG/PNG), brand color palette, font specifications, brand guidelines document.
Homepage Video	Hero video file (MP4/WebM, optimized for web).
OOH Sample Images	High-resolution images of billboards, bridge banners, DOOH, PDOOH, airport, and transit ads.
Ad Film Videos	Finalized ad film productions for embed on the Other Services page.
Team Content	Team bios, headshots (optional), and 'Who We Are' copy.
Contact Details	Office address, phone number(s), email address(es).
Industry Logos	Client or industry logos for an optional 'clients/industries served' visual section.
Written Copy	Final approved copy for all pages (draft copy exists in the content brief).

9. Assumptions & Constraints

9.1 Assumptions

1. All written content provided in the IVAH Media Website Content brief is approved as final draft copy, subject to minor editorial refinement.
2. The client will supply all media assets (videos, images, logos) in a timely manner to avoid delays.
3. The website will be built in English as the primary language; Arabic localization is a future-phase consideration.
4. Hosting, domain, and SSL certificate will be managed/procured by the client unless otherwise agreed.
5. The CMS platform selection (e.g., WordPress, Webflow, custom) will be finalized during the discovery phase.

9.2 Constraints

- The site must be consistent with any existing Ivah Media brand guidelines provided.
- Budget and timeline to be confirmed in the project plan; all features in this BRD are subject to prioritization based on agreed scope.
- Third-party integrations (CRM, email marketing platforms) are out of scope for Phase 1.

10. Acceptance Criteria

The website will be considered complete and ready for launch when all of the following criteria are met:

6. All pages defined in Section 4 (Site Structure) are developed and accessible via the defined navigation.
7. All functional requirements listed in Section 5 are implemented and verified.
8. All High-priority features in Section 6 have been built and tested.
9. The site passes cross-browser and cross-device testing on the platforms defined in Section 7.4.
10. The contact form submits successfully and triggers an email notification to the designated recipient.
11. Core Web Vitals meet Google's 'Good' threshold as measured by PageSpeed Insights.
12. The site passes a WCAG 2.1 Level AA audit with no critical violations.
13. Client provides written sign-off confirming content and design approval after User Acceptance Testing (UAT).

11. Suggested Project Milestones

#	Milestone	Duration	Deliverable
1	Discovery & Planning	1 week	Finalized BRD, sitemap, CMS selection
2	Design – Wireframes	1–2 weeks	Low-fidelity wireframes for all pages
3	Design – Visual Mockups	2 weeks	High-fidelity mockups, brand-approved
4	Development – Core Pages	3–4 weeks	Home, About, Contact pages live
5	Development – Service Pages	2 weeks	All What We Do sub-pages live
6	Content Integration	1 week	All media, text, and assets integrated
7	QA & Testing	1 week	Cross-browser, mobile, form, SEO testing
8	UAT & Client Approval	1 week	Client sign-off
9	Launch	1 day	Site live, DNS configured

12. Document Approvals

This BRD requires formal sign-off from the following parties before development commences:

Ivah Media – Project Owner	Signature: _____	Date: _____
Project Manager	Signature: _____	Date: _____
Lead Developer	Signature: _____	Date: _____
Design Lead	Signature: _____	Date: _____
